

There is no official packet of pages or digital packet to complete and turn in this summer. However, reviewing and keeping skills sharp is important. We suggest that students read for 20-30 minutes a day. Any librarian can assist you in choosing books that match your child's interest and reading level. Additionally, encourage your child to keep a journal of their summer activities.

Simple Solutions English was sent home as a summer review activity. The students can complete lesson #118-140. An at-home Prodigy account can be set up, free of charge, to practice Math and English skills.

The kids love playing Dojo Islands for fun. We will use Class Dojo again next year for our 4/5 switching.
