ACCEPTABLE USE POLICY

| 2020-2021 SCHOOL YEAR

St. Michael School (the "School") makes a variety of communications and information technologies available to students through computer/network/Internet access. These technologies, when properly used, promote educational excellence by facilitating resource sharing, innovation, and communication. Illegal, unethical or inappropriate use of these technologies can have dramatic consequences, harming the school, its students and its employees. The Acceptable Use Policy ("Policy") is intended to minimize the likelihood of such harm by educating the School's students and setting standards that will serve to protect the school. We firmly believe that digital resources, information and interaction available on the computer, network or Internet far outweigh any disadvantages.

Definition of school technology system: The school systems and networks (collectively, "System") are any configuration of hardware and/or software whether used on or off school property. The System includes, but is not limited to, the following:

- telephones, cellular telephones, and voicemail technologies;
- email accounts;
- servers;
- desktop and laptop computer hardware and peripherals;
- software including operating system software and application software including without limitation video conferencing software;
- digitized information including stored text, data files, email, digital images, and video and audio files;
- internally or externally accessed databases, applications, or tools (Internet- or District-server based);
- school provided Internet access;
- school filtered public Wi-Fi;
- school provided Chromebooks;
- school provided personal digital assistants ("PDAs"), tablets, IPADs and similar devices;
- school issued access to third party websites (i.e., Google apps, Zoom, Flipgrid, Dojo, etc.) ; and
- new technologies as they become available.

Acceptable Use: Students are responsible for appropriate behavior on the System just as they are in a classroom or on a school playground. Communications on the System are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with school standards and the specific rules set forth below as interpreted from this policy, whether on or off of school property. A student is personally responsible for his/her actions in accessing and utilizing the school's computer resources in accordance with Student Code of Conduct and may be subject to discipline for misuse of the System.

Access to communication system: Access to the school's electronic communications system, including the Internet, shall be made available to students for educational and instructional purposes. Each school computer/device and Wi-Fi (available for students who bring in their own personal telecommunication devices) has filtering software that block access to visual deceptions that are obscene, pornographic, inappropriate for students, or harmful to minors as defined by the federal Children's Internet Protection Act (CIPA). Filtered Internet access is provided to students as defined by CIPA.

Access to the School's computer/network/Internet is a privilege, not a right, and may be revoked at any time.

Scope of Use: The System is intended for use for educational and instructional purposes only. Incidental, personal use shall be allowed only so long as such use is appropriate for a school setting, non-disruptive to the school's operations and mission, and not in excess or to the exclusion of the student's studies or school responsibilities.

ACCEPTABLE USE POLICY

| 2020-2021 SCHOOL YEAR

Inappropriate Use: Inappropriate use includes, but is not limited to, those uses that are specifically named as violations in this document; that violate the rules of network etiquette; or that hamper the integrity or security of the System or any components that are connected to it.

Transmission on the System, including through email (personal or school accounts), social media, web pages, blogs and/or forums, of any material in violation of any federal or state law or this Policy is prohibited. This includes, but is not limited to:

- cyber bullying;
- threatening, pornographic, harassing, defamatory or obscene material;
- copyrighted material, plagiarized material or materials protected by trade;
- the use of hardware and/or software which disrupts or interferes with the safety and welfare of the school community (even if such uses take place after school hours or off school property).

Vandalism or Mischief: Tampering with or theft of components from the System may be regarded as criminal activity under applicable state and federal laws. Any attempt to break the law through the use of a school computer/network/Internet account may result in prosecution against the offender by the proper authorities. If such an event should occur, the school will fully comply with the authorities to provide any information necessary for legal action.

Modification of Computer: Modifying or changing computer/device settings and/or internal or external configurations without appropriate permission is prohibited and may result in discipline and/or the revocation of access to the System.

Student Access: System access is provided to all students unless parents or guardian request in writing to the school principal that access is denied. When student is in a classroom setting on school property, student Internet access will be under the direction and guidance of a school staff member. Students must adhere to the following guidelines when using the System on or off of school property:

1. Respect and protect the privacy of others.
 - Use only assigned accounts.
 - Decline to view, use, or copy passwords, data, or networks to which they are not authorized.

The Use of Video Conferencing: Staff and students may from time to time use video conferencing software for educational purposes, including without limitation Zoom and Google Hangouts.. . Video conferencing is a way that students can communicate with teachers, other students, speakers, others from their school, local community, and/or other parts of the country and the world, in real time. All students agree to the following related to use of video conferencing software whether or not on school property during use:

1. Videoconference sessions may be videotaped by school personnel or by a participating school involved in the exchange in order to share the experience.
2. Students' voices, physical presence, and participation in the videoconference are transmitted to participating sites during each session.
3. Students are only permitted to transmit audio/video images using the System when all of the following conditions are met (i) it is under teacher's direction, (ii) it is for educational purposes, (iii) it is sent only to other classmates or school staff members, and (iv) it is sent during classroom hours.
4. Students shall not record any portion of a videoconferencing session without prior written approval from teacher or school administration.

ACCEPTABLE USE POLICY

| 2020-2021 SCHOOL YEAR

5. Students shall not save, share, post or distribute in any way any part of a videoconferencing session or any photos or audio recording from a videoconferencing session without prior written approval from teacher or school administration.
6. All sessions must be set up solely by school personnel and communicated to students and/or parents privately and not through any public domain.
7. Classroom and school rules apply to all remote learning experiences.

The following guidelines must be adhered to by students using a personally-owned telecommunication device at school or with the System whether on or off school property:

1. All personally-owned telecommunication devices must be registered with the Principal prior to use.
2. Internet access is filtered by the School on personal telecommunication devices in the same manner as School owned equipment. If network access is needed, connection to the filtered, wireless network provided by the school is required. Use of any service bypasses the security filter and is considered a violation of the Acceptable Use Policy.
3. These devices are the sole responsibility of the student owner. The school assumes no responsibility for personal telecommunication devices if they are lost, loaned, damaged or stolen and only limited time or resources will be spent trying to locate stolen or lost items.
4. These devices have educational and monetary value. Students are prohibited from trading or selling these items to other students on school property, including school buses.
5. Each student is responsible for his/her own device: set-up, maintenance, charging, and security. Staff members will not store student devices at any time, nor will any staff diagnose, repair, or work on a student's personal telecommunication device.
6. Telecommunication devices are only to be used for educational purposes at the direction of a classroom teacher.
7. School administrators and staff members have the right to prohibit use of devices at certain times or during designated activities (i.e. campus presentations, theatrical performances, or guest speakers) that occur during the school day.
8. An administrator may examine a student's personal telecommunication device and search its contents, in accordance with disciplinary guidelines.

Subject to Monitoring: All School System usage on or off school property shall not be considered confidential or private and is subject to monitoring by designated staff at any time to ensure appropriate use. All electronic files, including email messages, from both school-issued and personal accounts, transmitted through or stored in the System, will be treated no differently than any other electronic file. The School reserves the right to access, review, copy, modify, delete or disclose such files for any purpose. Students should treat the computer system like a shared or common file system with the expectation that electronic files sent, received or stored anywhere in the computer system, will be available for review by any authorized representative of the School for any purpose. Personal telecommunication devices are subject to examination in accordance with disciplinary guidelines if there is reason to believe that the Acceptable Use Policy has been violated.

Students have no expectation of privacy with respect to use of the System whether on or off school property and whether the devices are school or personally owned. Administrators reserve the right to examine, use, and disclose any data found on the System in order to further the health, safety, discipline, or security of any student or other person, or to protect property. They may also use this information in disciplinary actions and/or may

All computers, chromebooks, devices, laptops, Chromebooks, tablets, or the like, used by students to access the System, including both school-owned equipment and personally-owned devices, are subject to search at any time if a violation of this Policy or other school policies is suspected.

Consequences for Violation: Students have the responsibility to use the System in an appropriate manner which complies with all school policies. Violations of these rules or any school policy may result in disciplinary action which may include the loss of a student's privileges to use the school's information technology resources and/or discipline. Consequences of misuse or abuse of these resources will be disciplined depending on the severity of the situation. In addition to school disciplinary action, appropriate legal action may be taken.

Agreement Form: In order to ensure the proper use of technology resources, it is necessary that each student and parent/guardian annually **sign the attached Student Acceptable Use Policy – User Agreement Form**. Signing the form indicates that the user will abide by the rules governing Internet and other technology access as stated in this Policy.

The school reserves the right to issue additional or more detailed rules for the use of technology resources, and violations of such rules may be a cause for imposition of any of the penalties delineated above. The school reserves the right to seek financial restitution for any damage caused by a student. Upon its discretion, the school reserves the right to request student/parent complete additional forms prior to the distribution of any electronic devices.

COVID-19 STUDENT POLICY

| 2020-2021 SCHOOL YEAR

Dear Parents, Guardians, and Students,

The welfare and health of the students and staff of St. Michael School is our highest priority. As a result, and in accordance with the State of Ohio COVID-19 Health and Prevention Guidance for Ohio K-12 Schools, all students will be expected to comply with the following policies and instructions, the purpose of which is to reduce the risk of exposure to COVID-19 and to help prevent its spread. Please read this policy carefully and sign at the end to acknowledge that you have read and understand what is being expected of you and that you understand and assume the risks related to COVID-19 and returning to school.

1. Daily Health Check at Home. Prior to coming to school each and every day, parents shall conduct a health check of their child to assess whether the child is experiencing symptoms of COVID-19. The daily health check shall consist of the following:

- a. Taking the child's temperature.
- b. Through discussion with the child and personal observation of the parent, assess if the child is experiencing one or more of the following symptoms:
 - i. Fever of over 100 °F
 - ii. Chills
 - iii. Shortness of breath or difficulty breathing
 - iv. Fatigue
 - v. Muscle or body aches
 - vi. Headache
 - vii. New loss of taste or smell
 - viii. Sore throat
 - ix. Congestion or runny nose
 - x. Nausea or vomiting
 - xi. Diarrhea
 - xii. Cough

For up to date information about COVID-19 symptoms and for an interactive symptom checker/self-assessment tool, parents and guardians should visit the website of the Center for Disease Control ("CDC") at <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>.

If the child has a fever of greater than 100°F or is experiencing any other symptom listed above (or as updated from time to time by the School), the child must stay home from school and the parent must notify the school.

Pursuant to Ohio Department of Health guidelines, families, caregivers and staff shall, as soon as possible, notify the school if (i) they have been exposed to COVID-19, (ii) they, or any members of their households, have been diagnosed with or presumed to have COVID-19, or (iii) they are quarantined. Personnel and students with known exposure to someone with diagnosed or presumed COVID-19 must self-quarantine at home for 14 days or as otherwise advised or instructed by the local health department. Students who travel to

COVID-19 STUDENT POLICY

| 2020-2021 SCHOOL YEAR

a location with known community spread may choose to self-quarantine at home for 14 days.

For a list of COVID-19 testing facilities, please consult your health care professional or go to <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/testing-ch-centers/>.

2. Temperature Check at School. Student temperatures will be taken each day - once as students enter the building, and once before lunch and recess. Students who have a fever of greater than 100°F or who have other symptoms may not remain at school. Such students will be immediately directed to a designated spot to be isolated from others except for the staff designated to monitor and care for such students until they go home.

3. Hand Washing & Sanitizing. Students are expected to wash their hands frequently for at least 20 seconds, including if their hands are dirty, before and after eating, after using the restroom, at other appropriate times (e.g., after blowing their nose/coughing/sneezing, and after touching garbage), and as otherwise instructed. Hand sanitizer, provided by the school at various places around the school, should be used by students to supplement hand washing, including when entering the school or entering or exiting a classroom. Parents and guardians should discuss handwashing with their child. For instructions and information about hand washing and sanitizing, parents and guardians should visit the CDC website at <https://www.cdc.gov/healthyschools/bam/child-development/how-to-wash-hands.htm>.

4. Social Distancing. Students must practice social distancing whenever possible. Social distancing means:

- a. Maintaining six feet of space between oneself and others at all times possible, including in classrooms, hallways, restrooms, cafeteria, and pick-up and drop-off areas.
- b. If maintaining six feet of space is not possible, maintaining as much space between oneself and others.
- c. Following all directions and instructions given or posted regarding social distancing.
- d. Follow all floor or other markings indicating the designated flow of traffic in hallways, rooms, and elsewhere.
- e. Avoid when possible sharing items, materials, and spaces with others.
- f. Maintain social distancing if possible on the bus to and from school.

5. Face Masks and Coverings. While not required by the State of Ohio at this time, all students in grades K-8 are required to wear face masks or shields throughout the school day, as well as when being transported to and from school on the bus. To be effective, face masks should cover the nose, mouth, and chin of the student and should be made of cloth. Parents and guardians are expected to talk with their child about the importance of wearing masks and to instruct the child on the proper wearing of a mask.

6. Students who become Sick at School. A student who, while at school, develops a fever of greater than 100°F or exhibits any one or more of the symptoms of COVID-19 (not including anything that the school administration reasonably believes to be unrelated to illness, such as seasonal allergies, or isolated incidents of coughing or sneezing) may not remain at school and must be picked up and taken home at the earliest opportunity. Such students will be immediately directed to a designated spot to be isolated from others except for the staff designated to monitor and care for such students until they go home. In the case of a suspected or confirmed COVID-19 case, the school will call local health department to report the matter and obtain guidance. Any student who has a suspected or confirmed case of COVID-19 may not return to school until such student meets the CDC's criteria for returning to school. Others who may have been potentially exposed will be notified in accordance with the directives or advice of the local health department.

COVID-19 STUDENT POLICY

| 2020-2021 SCHOOL YEAR

COVID-19 POLICY ACKNOWLEDGEMENT AND ASSUMPTION OF RISK

We, the undersigned parent(s) and student(s), acknowledge and agree that, as a student/students at St. Michael School ("School") and as parent(s) of that student, entering the school or being on the School's premises, having personal contact with teachers, classmates, and other School staff, involves a certain degree of risk, namely of parent(s) and/or student acquiring a communicable disease, including COVID-19, and then potentially passing it on to others, including family members. Due to the highly contagious nature of COVID-19, the characteristics of the virus, and the close proximity of students, teachers, and staff, there is an elevated risk of student contracting the disease simply by being in the building, on the premises, or at any School function. The same is true for parent(s) of a student at the School.

By signing below, we acknowledge and agree that after carefully considering the risks involved, and having the opportunity to discuss these risks with any healthcare professional(s) of our choosing, we voluntarily and willingly accept those risks and acknowledge that returning to in-person classes and other in-person School functions at the School is the choice of each family, including ours. If student or parent(s) who visit the School have underlying health concerns which may place them at greater risk of contracting any communicable disease, including COVID-19, we acknowledge and agree that we will consult with a health care professional before student or parent(s) return to the School, attend any School function, or visit the School. Moreover, we acknowledge that while adherence to safety and precautionary measures (which may include social distancing guidelines, facemasks, handwashing, etc.) may reduce possible exposure to the risk of contracting a communicable disease, the possibility of serious illness and death remains despite all efforts to reduce that risk. We do hereby accept and assume sole responsibility for any illness acquired by student or parent(s) while at the School or any School function, including possible infection with COVID-19.

We further acknowledge, understand, and agree that we have obligations to the School, its faculty, students, and others to take certain precautions and make certain disclosures to prevent the spread of communicable diseases such as COVID-19. Specifically, we agree to comply with this policy and all other School rules and requirements relating to communicable diseases such as COVID-19, including rules relating to whether or under what circumstances students, parents, and family members may come to the School or attend School events.

FAMILY CUSTODIAL AGREEMENTS

| 2020-2021 SCHOOL YEAR

For families with special custodial agreements, all court documents pertaining to custody must be on file in the school office.

If one parent is restricted from records or contact, we must have a copy of the decree, including the judge's signature and court seal on file in the school office.

Custodial parents should understand that unless the decree specifically states otherwise, the non-residential parent has the right to educational information and records.

We ask that parent-teacher conferences be scheduled together regardless of the custody arrangements.

Please try to keep communication open with the school. If you have any questions, please contact the Main Office. Thank you.
